FRIENDSHIP

It's strange the way life's winding roads take us to places that still live only in our hearts. Times that seemed to last forever, yet ended so quickly; people we thought we'd always be with, and feelings we thought would never subside. Though time itself has eroded a few friendships, some remained strong; life is forever changing.

Faces we see today, we don't realize we may never see again. The laughs we once shared, are just that-echoes from our past. We need not be reminded of the times we clung together: the victories we cheered, the laughs we couldn't stop, the times we loved so much we thought our hearts would overflow, and the times we joined together for our tears, and heartaches.

And whether we notice or not, we have survived together some of the most meaningful and memorable times our lives. And the dear friendships that we've made will hopefully endure.

Shares all my interests
 Sticks by me, no matter what
 Accepts me as I am
 Doesn't disagree with me
 Keeps my secrets, always
 Is popular with my other friends
 Tells me when I'm wrong
 Would lie for me if asked to
 Behaves like I do in similar situations
 Is someone I can tease without angering

SENIORS

The 1987 Magnet Is Dedicated To Mr. Deluca & Mrs. Ojala With Many Thanks

We, the class, would like to dedicate our yearbook to our advisors, Mr. Deluca and Mrs. Ojala. Without their hard work and dedication, our school activities could not have been as successful as they are. They were the masterminds behind such events as our sophomore yearbook, the 1986 Junior-Senior Prom, the Thanksgiving Rally and even last year's graduation ceremony. Our advisors not only helped plan but also actively took part in and aroused interest in these functions.

Mrs. Ojala and Mr. Deluca have gone above and beyond the call of duty in taking an interest in the lives of the students of the Class of 1987. We consider them our friends as well as our advisors. They have earned the respect and admiration of the faculty, the administration and most of all of the students. We would like to take the opportunity to thank these two people who have done so much for us.

Mr. Frank (p. 30)

Mr. Frank was born in New York City. He is a graduate of the University of Vermont and has been teaching for many years. He is a member of the Vermont Teachers Association and has been active in many school activities. He is a very dedicated and hardworking teacher who has made a significant contribution to the education of his students.

To My Fellow Classmates:

Having the opportunity to serve as your class president for the past four years has been both challenging and satisfying. Your support and confidence in me has been gratifying.

Together we have grown from a group of carefree and unsure freshmen to a class of responsible seniors who are on the threshold of making decisions that will have a great effect on our lives.

Whether you choose to become a housewife, a doctor, an entertainer or a farmer - you will be successful if you use your natural abilities as best you can. One does not have to gain national recognition to claim success. Success comes to those who take pride in performing their job to the best that they possibly can. It is only when one is truly happy with his life that true success is achieved. I want to wish you all happiness in whatever path you choose to follow.

Our achievements as a class would not have been possible without the assistance of our two advisors - Mrs. Ojala and Mr. DeLuca. For their guidance, love and friendship I thank them.

To my fellow officers who have given their time and support, I am grateful.

To the Class of 1987, I am proud to have been your representative.

Love and Best Wishes,
Gina Falcone
Class President 1987

FACULTY

I would like to extend my sincerest congratulations to the Class of 1987. I hope that you are as proud of your achievements as those of us who have watched your growth and development through the years.

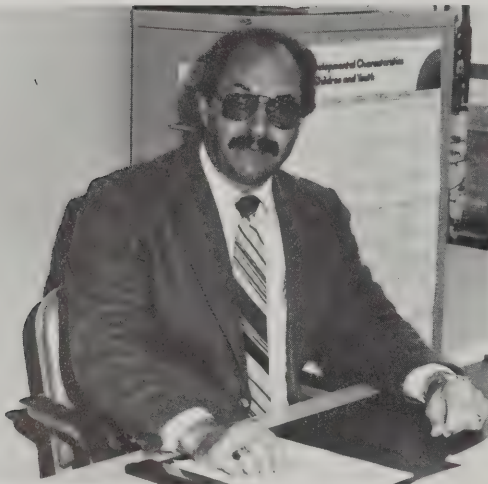

I am confident that you go forward fully prepared to meet the challenges that await you. Although a number of situations will appear to be difficult and complex, I am certain that you possess the problem-solving skills and academic preparation to resolve them. Be patient with yourselves.

Finally, I wish to thank you for the support, assistance and positive advice you have always given to me as Superintendent of Schools.

Best wishes in all your endeavors.

Louis R. Amadio
Superintendent of Schools

Pelino Masciaglioli
Assistant Superintendent of Schools

I extend congratulations to you on your achievement here at Leominster High School and best wishes in your future endeavors. Your graduation this year represents years of diligence and growth. I sincerely hope that the experiences of the past years will serve as a solid foundation for your future success and self-awareness. Each of you possesses unique talents and skills, and it is the continuing development of these that I wish for you. This development will, I hope, assist all of you in maintaining a lifestyle where the achievement of personal goals as well as a commitment to service to others is possible.

Congratulations! High school graduation is a major milestone in your lives and you have reached that goal. Your years spent in school, particularly your high school years, have provided you with experiences and memories that will remain with you the rest of your lives. While it is natural to think of high school graduation as an end, it is really a beginning. The beginning of the rest of your lives. Your education has been a very important part of your growing up to young adulthood. It has been our goal to help you in the growing process and help provide you with some of the tools you will need to deal with your future wherever that leads you.

For the past thirteen years the school, your parents and you have been a partnership. We have worked together with a common goal to help you grow and mature as individuals. Remember that you made the greatest contribution to that partnership. Your desire, drive, determination and hard work made it possible. Now that responsibility shifts even more onto your shoulders. Whatever the future brings will depend mostly on your efforts. We have believed in you; now believe in yourselves. The future is yours; go for it. God bless you all.

To The Class of 1987:

You have been fortunate during your four years at Leominster High School to have been the recipients of a rededication to education by the community. We have had a return to the seven period day, expansion of curriculum, and a renewed interest in our band to name a few areas. This has helped to enrich your education. We hope that when you become members of the voting community you will share this interest and help us to continue along this path.

I know the Class of 1987 will be a success in life and I wish you good health, a good family life and a job of your choice.

Congratulations to all the members of the graduating class of 1987. We wish you happiness and success in all your future endeavors as you leave Leominster High School. We hope that the guidance and training you received here will help you in your efforts. Again, congratulations and good luck.

Peter S. Michaels
Assistant Principal

To the Class of 1987,

Congratulations to a class rich in quality students. Continue the good work you have accomplished while at Leominster High School.

My thanks go to you for your leadership and performance the past four years and best wishes for continued success, growth and happiness in the future.

Teacher's Prayer

I want to teach my students how
 To live this life on earth
 To face its struggles and its strife
 And to improve their worth
 Not just the lesson in a book
 Or how the rivers flow
 But how to choose the proper path
 Wherever they may go
 To understand eternal truth
 And know the right from wrong
 And gather all the beauty of
 A flower and a song
 For if I help the world to grow
 In wisdom and in grace
 Then I shall feel that I have won
 And I have filled my place
 And so I ask your guidance, God
 That I may do my part
 For character and confidence
 And happiness of heart.

TRADE

You have been given a solid educational foundation to meet and deal with the challenges that life will present. Take the skills you have learned and look to the future. "Dream no small dreams and make no small plans." But after you have dreamed and planned work hard to make a happy and productive life. The best of luck and congratulations to the class of 1987.
